

The Church Together

Questions for Discussion

If your family includes children of varying ages, consider rewording the questions to help your child better understand what's being asked.

1. *“The universal church reveals itself in local churches.”*
Have you recently shared with your family and friends why you chose to worship locally at Shades? Take time to swap stories.
2. What unique contribution can you make to Shades? What steps can you take to “motivate our church to love and good works”?
3. Do you have a “2 a.m. friend” at Shades who can share your joys and struggles? If not, who can you ask and how will you deepen that relationship?

Ideas for Living Sent

Ask God to bring to your mind at least one person who is far from God, does not attend church, or rarely attends. This week, reach out to them and ask them to join you for church, in-person or online.
